

## CONTRACT OPPORTUNITIES RESTORATION & RENEWAL PROGRAMME

The Palace of Westminster needs essential restoration. These important works will create contracts, jobs and opportunities around the country and wherever possible, sourcing materials from the whole of the UK.

We are looking for businesses and training providers in Scotland who will be interested in supplying expertise, for example: major construction and restoration, glaziers, estate management, complex electrical and plumbing, engineers, traditional carpentry and joinery, stone masonry or blacksmithing.

## GET INVOLVED

The Houses of Parliament Restoration and Renewal Programme will create a variety of **business and employment opportunities, on and off-site**, throughout the project lifecycle including in specialist trades and conservation roles, programme management, corporate services, project design and engineering.

For more information, sign up for either of the two, in-person, exclusive exploratory sessions to find out more about the opportunities to help restore the Palace of Westminster:

- **Inverness - 25th July 2023, 10am - 12pm**
- **Glasgow - 28th September 2023, 10am - 12pm**

*Free of charge, in-person events only, open to all businesses. Dial-in options are not available.*
